

# Maths Sequence of Learning

Stage 2	Stage 3	Stage 4	Stage 5	Stage 6	Stage 7	Stage 8	Stage 9
Measures	Algebraic Manipulation	Area	Indices and Surds	Indices and Surds	Pythagoras' Theorem & Trigonometry	Averages and Cumulative Frequency	Indices and Surds
Calculations A	Factors Multiples and Primes	Negative numbers	Rounding and Limits	Perimeter	Area	Sequences	Fractions
Perimeter	Calculations B	Indices and Surds	Solving Linear Equations	Measures	Averages and Cumulative Frequency	Data	Algebraic Manipulation
Negative Numbers	Fractions	Calculations B	Decimals	Factors Multiples and Primes	Formulae	Ratio and Proportion	Simultaneous Equations
Data	Measures	Angles	Measures	Sequences	Solving Linear Equations	Algebraic Manipulation	Formulae
Sequences	Percentages	Algebraic Manipulation	Formulae	Angles	Volume	Probability	Angles
Calculations B	Averages and Cumulative Frequency	Data	Perimeter	Data	Percentages	Transformations	Plotting Non-Linear Equations
Area	Calculations A	Fractions	Decimals B	Area	Plotting Linear Equations	Rounding and Limits	Pythagoras' Theorem & Trigonometry
Plotting Linear Equations	Rounding and Limits	Shape and Construction	Ratio and Proportion	Averages and Cumulative Frequency	Simultaneous Equations	Decimals	Solving Linear Equations
Shape and Construction A	Decimals	Solving Linear Equations	Area	Plotting Linear Equations	Data	Solving Non-Linear Equations	Shape and Construction
Formulae	Angles	Percentages	Percentages	Algebraic Manipulation	Rounding and Limits	Plotting Linear Equations	Solving Non-Linear Equations
Fractions	Data	Plotting Linear Equations	Data	Ratio and Proportion	Indices and Surds	Indices and Surds	Sequences
Shape and Construction B	Plotting Linear Equations	Decimals	Angles	Probability	Shape and Construction	Plotting Non-Linear Equations	
Transformations	Transformations	Volume	Probability	Solving Linear Equations	Plotting Non-Linear Equations	Pythagoras' Theorem & Trigonometry	
Decimals	Solving Linear Equations	Sequences	Pythagoras' Theorem & Trigonometry	Shapes and Construction	Ratio and Proportion	Shape and Construction	
	Ratio and Proportion	Transformations	Volume	Plotting Non-Linear Equations	Measures		
		Ratio and Proportion	Plotting Linear Equations	Solving Non-Linear Equations			
		Averages and Cumulative Frequency	Shape and Construction				
		Probability	Transformations				
		Measures
